

WHY CHOOSE NAV BHARAT NOT OTHERS?

Our Indian Competitors

DO NOT HAVE SOFTWARE FOR ROLLING MILL PASS DESIGN. LACK DEPTH TECHNICAL KNOWLEDGE. THEY MACHINE COMPONENTS ON CONVENTIONAL MACHINES OR CNC MACHINES WITH LESS ACCURACY.

NAV BHARAT

WE HAVE LICENSE FOR ROLLING MILL PASS DESIGN SOFTWARE. WE HAVE A CORE TECHNICAL TEAM LED BY OUR TECHNICAL DIRECTOR.

WE USE WORLDS NO 1 MACHINES LIKE MAZAK HMC, HOFER GEAR GRINDER ETC FOR MACHINING COMPONENTS OF OUR PRODUCTS.

OUR EUROPEAN COMPETITORS

THEIR PRICES ARE VERY HIGH.

THEY LACK PERSONAL INVOLVEMENT DURING THE WHOLE PROCESS FROM DESIGNING TO ERECTION AND COMMISSIONING, THEIR ENGINEERS TAKE TIME IN REACHING IF IMMEDIATE SUPPORT IS REQUIRED AS THEY ARE FAR AWAY .
